

Iowa barbed wire is a double stranded, low tensile strength fencing wire that is twisted in a continuous pattern.

Strand thicknesses available are:

- 2mm
- 2.5mm

**Production application**

Barbed wire is an inexpensive fence used mainly for security purposes.

**Available Iowa barbed wire**

Material description	Metres per roll	Mass per roll (kg)
Iowa lightly galvanised 2mm	400	25
Iowa lightly galvanised 2mm	515	17.5
Iowa lightly galvanised 2mm	800	50
Iowa lightly galvanised 2.5mm	270	25
Iowa lightly galvanised 2.5mm	540	50
Iowa fully galvanised 2mm	800	50
Iowa fully galvanised 2.5mm	540	50
